1.6 Scoring

1.6.1 Westfield classes (W1, W2, W3 and W4) competitor's scores from their best 8 events will count for class awards as well as the overall championship.

Class G competitors will score class points but are not eligible for the overall championship, Mini Speed Series or Novice awards.

1.6.1.2 Novice's scores from their best 5 events will count for the Novice Championship.

1.6.1.3 Competitors who only compete and score points in 5 or less events will be eligible for the Mini Speed Series Award. If competitors compete and score points in more than 5 events they will automatically move into the overall championship results.

1.6.2 Points in the Speed Series classes will be awarded as follows for Westfield car classes W1, W2, W3 and W4 only:

At every event the best recorded times of each Westfield competitor, relevant to the four Westfield classes, will be used to determine the points scored.

The **second fastest driver in each Westfield class will score 100 points** and set the class base time. Faster/slower Times will score points based on a simple percentage of the base time. Where the WSCC competitor is the only entrant in the Westfield class they will score 100 points. The maximum points for beating the second fastest in the Westfield class will be 101 points.

For example :-

Quickest Westfield in class with time of 90.50 secs = 100.55 points

Second quickest in class with time of 91.00 secs = **100.00 points**

Third quickest in class with time of 91.50 secs = 99.45 points

e.g. calculation for first place $(91.00/90.50) \times 100 = 100.55$ points

calculation for third place $(91.00/91.50) \times 100 = 99.45$ points

1.6.2.1 Points for Invitation Class G will be scored as follows:

Points scored for class G competitors at each event will be calculated by using the second fastest time by any competitor (WSCC and non WSCC competitors) **within their event class on the day**. Where the WSCC competitor is the only entrant in an event class they will score 100 points. The maximum points for beating the second fastest in the relevant "class on the day" will be 101 points. (See 1.6.2 for example calculations)

The best scores from a maximum of 8 events will count toward any award but ineligible for the Overall Championship, Sprint challenge, and Novice awards.

1.6.2.2 The maximum points at any event that can be scored by the fastest driver is 101.00 points.

Where the competitor is the only competitor in their class at an event they will score 100 points.

1.6.2.3 A minimum score of 80 points will be awarded at all events so long as the driver starts a practice run.

1.6.2.4 A competitor must complete an official timed run to gain more than 80 Championship points.

1.6.2.5 At an event all official timed runs will count, unless otherwise advised on the day by a member of the SSOT. Practice run times will not be included. Where "run-offs" are incorporated within the event, these times will not be included within the championship.

1.6.3 Championship points appeals will be resolved in accordance with Section C6.5 of the current Motorsport UK Yearbook.

1.6.4 In the event of drivers scoring equal points the Tie Break Rules will apply

Tie Break Rules:-

(a) The difference in points between first, second, third etc for a maximum of their best number of events specified for each class award or championship / challenge award. If this does not resolve the tie then 1.6.4 (b) will be used

(b) Total points scored in the season including all events entered.
