

WSCC Bentwaters Sprint – 18th May 2008

Class F

Paul Dew and Peter Goulding were both out in class F and setting some good times, with Paul quickly on the pace, but had a problem in the first timed run, where as Peter had set another good run, putting pressure on Paul. He was up to the challenge though setting a good 90.52 to win F. Overall they had set some good runs, putting them fastest of all the WSCC competitors and 11th and 12th overall.

Class H – Peter Hayter

Quick report the day was a bit cold to start with but looked promising. Never been here before so again a bit of a learning day, cones and very very fast runways are always hard to work out when you are only 2 ft of the ground. What I'm trying to say is I missed the "gate" of double cones twice and then on my first timed run at about 130mph the car just spun round while this is a bit unnerving it meant the last run had to be a 100 % clear run so I just had to drive round slowly which I did and did a 97 second run and was beaten fair and squarely by SBD Carole who co drove with Dick who picked up FTD with a mad run of 82 seconds.

Class J – Chris Hussey

David Hussey 91.70 (Raw Striker)

Chris Hussey 92.76 (Raw Striker)

Stephen Chaplin (not WSCC) 93.14 (Westfield XTR2)

Throughout practice Chris was faster than the old man (David) and it was only in the first timed run that the old man caught him (and broke the engine) so he didn't get a chance to fight back! Who said experience does count for something !!
